

Immanuel Green Envelope Projects

May/June

Professional Church Worker's Fund

Immanuel has a rich tradition of supporting continuing education. The PSWF helps families send their kids to institutions of higher learning for the purpose of getting into ministry work. This year we have several former Immanuel students applying to college to prepare for a career in church work. Contributions during May will grow the available pool of funds for this year and beyond

Target: \$2,000

July

Light of Christ Worship

Light of Christ continues to grow as a part of the community and Immanuel's broader mission. With post-COVID worship increasing there are numerous improvements to the worship space (altar paraments, banner supplies and a curtain for behind the lectern for improved virtual viewing. LOC is conducting its own fundraising simultaneously and all funds will be joined to buy these items

Target: \$1,500

August/Sept

Immanuel School Music

One of the areas hit hardest by the pandemic was our school music program. Due to virtual learning and social distancing requirements, it was nearly impossible to conduct music programs. To bring back music to Immanuel students, the school is launching a two-year pilot program to enable every 3rd thru 6th graders to participate (free of charge). A \$5,000 match has been established for this program. Support will provide recorder education for students in grades 3-4 and instrument education for students in 5-6 grade.

Target: \$5,000
